ONE DAY

Dear Dan:-

You asked me if I am very busy up here in Ames? Not so very. All I did yesterday was that I patched a tire for Mr. Smith's bicycle and fixed one of the pedals, worked two hours on a motorcycle, rode 7 blocks on a wheel and repaired Mrs. Watkin's kitchen range and her neighbors furnace. Then I worked 5 hours on a metal roof at the college, patched another puncture for Mr. Smith, sold a second hand bicycle, took an order for a new 1915 motorcycle, and went home to supper. After supper I went back to the shop and let Mr. Smith in to use the bicycle pump, and then the man whose motorcycle I had put on a running basis again, came in and got his machine.

I am not really lonesome,

Yours truly,

THE OLD RELIABLE CITIZENS STATE BANK

CAMBRIDGE - IOWA

Capital and Surplus \$50,000.00

F. W. LARSON, President
FRANK THOMPSON, Vice President
O. D. ELLSWORTH,
Bookkeeper W. H. HEGGEN, Cashier H. W. DANA, Ass't Cashier

A SAFE PLACE TO DEPOSIT YOUR MONEY

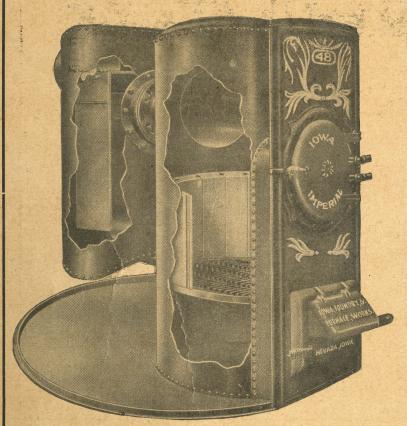

Partial View of the Campus at Ames

Opportunity's at Your Door

With a great college like that at Ames right at hand, every boy and girl in Story county can find a way to get thorough training for life's work if they will. Tuition's free; expenses are not high; instruction is offered along many lines, including Agriculture, Engineering, Home Economics, Industrial Science, Veterinary Medicine; most courses require four years but there are also courses for two years for both men and women. Opportunity like that is big. For complete information visit or write to

Iowa State College---Ames

STORY COUNTY GOODS STORY COUNTY PEOPLE

We also make the popular "lowa Tropic," all cast ball-bearing grate, Furnace for Cottage Heating and it is the last word in cast furnaces.

> Be sure and insist on getting our prices before letting your Heating Contract. If your local dealer does not handle ours write or phone to us. Free circulars and Calalogs sent on request.

lowa Foundry & Furnace Works
NEVADA - 10WA

NDIRECT and Direct Draft allows you both the quick draft and full radiation.

ODERN
Construct
ed Furnace. The only
steel furnace made
with complete
steel band around
fire pot.

PLENTY of capacity. This assures well distributed heat over whole house.

FFICIENCY our watchword. This assures a first class furnace at reasonable cost.

ROUND feed door.
The only furnace made with this round door that will not warp.

NDIVIDUAL Grates. By this means you can clean your fire of ashes without killing your fire and thus save fuel.

A IR Tight Furnace; and the only absolutely air and gas tight furnace made.

ONG, Full Front. This gives your heating plant that attractive appearance that will help sell your house.

A GOOD KITCHEN FLOOR IS AS NECESSARY AS GOOD KITCHEN TOOLS

You are very careful to select a good stove or range, a good cabinet or cupboard and good pans, kettles, etc.

What about your kitchen floor? Is it easy to keep clean? Do you kick up splinters frequently? That's very apt to happen with a cheap pine floor.

Ask your husband to put in a new hardwood floor for you. Call and let me show you samples of maple, oak and beech. Either of these will make a beautiful floor—one that you can keep clean easily—one that will last and look good for years, and the cost will not be so much as you perhaps think. Find out about it anyway.

LORRIS

Percheron Stallion DUNHAM'S in July 1913

in July 1913
AMERICAN NUMBER 97,400

Imported

Foreign Number 103,476.

LORRIS is one of the highest priced, and also one of the best stallions ever shipped into this state.

Owing to the terrible slaughter and destruction of horses in the European war, no more Belgian horses can be obtained and American importers are able to obtain only a limited number of desirable animals from the other countries of Europe. Good horses of the good, big, heavy breeds are going to be in greater demand and at higher prices during the next ten years than at any time during the past twenty years; and the American markets must furnish them. Be sure that you raise the right kind.

Anyone in Story County having a good high grade mare should look this horse up. LORRIS will be found every day of the week at my farm 7 1-2 miles Northwest of Nevada. SERVICE FEE \$25.00 to insure colt to stand and suck.

The Collins Gazette

Advertisements

Our close circulation in our territory makes *The Gazette* an excellent advertising medium. Special attention to farmer's ads sent to us either by mail or telephone.

Job Printing

Our Job Department has the latest types and we guarantee good work. Special prices given on stock catalogues and other printing of a class requiring extra skill and close attention.

TEACHERS

EARL FISK, Principal MAE POWERS, Grammar

EDITH LELYARD, Intermediate ELSA PERRY, Primary

The Fernald Independent Consolidated school district was organized July 1st, 1908 by the consolidation of four school districts.

The summer of 1909 a new four room brick school house was erected on a two acre lot just east of the village of Fernald. At first three teachers were employed and three wagons were purchased for the transportation of children to and from school.

The second year another teacher was added to the faculty and another wagon for transportation.

The school has been a success from the start. The first year the average daily attendance increased 43 per cent over the daily attendance of the last year of the old district schools with the same enrollment.

Each wagon carries from fifteen to twenty pupils and are enclosed forming a good protection to the children in all kinds of weather.

This school has eleven grades and brings a high school education within reach of every boy and girl living in the four school districts from which it was made.

Taxes were increased. The school tax being almost doubled to pay for the transportation of the children and the better teachers employed.

But the universal verdict of the patrons is that it pays to have the best school possible for the children.
